Dear Madame Winifred Ayuk

**Re: LETTER OF GRATITUDE**

Accept fraternal regards from the Diocese of Buea. It is with a heart full of joy and gratitude that I acknowledge your kind gesture towards the physically challenged persons in this part of the diocese.

Your gesture of donating tricycles was a huge support in my ministry of social action in our church in the diocese of Buea. This kind action of yours will go a long way in relieving the pain and sufferings of these disabled persons and their families.

I will keep you in my prayers. May this relationship open up many more interactions to help the church and those in need.

May God richly bless and replenish your resources.

Yours in his service.

  
+Michael Miabesue Bibi  
Bishop of Buea
